

Hello Crimson Track & Field Families,

**The forecast for this week: Crimson confidence surging.**

And for good reason. Last week was a big step forward—between a strong home meet on Thursday and a great showing at the Lake Conference Relays on Friday, our athletes, coaches, and families showed what this team is all about. From competition to concessions to volunteers—this was a full team effort. **Thank you for showing up.**

## **Volunteers + Concessions – Critical for Meet Success**

Last week showed what this group can do—thank you to everyone who stepped up. Volunteer sign-in at concessions and name tags helped everyone get to know each other on Thursday’s chilly start.

**Shout out to our Lake Conference Relay volunteers:** Sarah Femrite, Dyani Taffe, and Mark Ebel led the way for Maple Grove volunteers at Friday's event. THANK YOU.

We also had several families jump in last minute on Thursday—including a few who took back-to-back shifts. That flexibility makes a huge difference.

### **Volunteer Progress Update:**

- 61 families have already completed their shifts! Congrats and Thank You.
- 62 families have not yet signed up for a shift — the time is now, the link is [here](#).

We don’t have a home meet this week, and **Crimson Invite (April 28) is fully staffed—thank you!**

Now let’s finish strong across the remaining meets.
